Dear Mr Gill

Application No. 17/00133/COU

Proposed: Part change of use for a recreational caravan facilities comprising 11 pitches and winter storage facilities. Current situation pending since 2015.

At: Wynford Mill Farm, Great Chatwell, Newport

Thank you for your letter of 16th February 2017 and the accompanying plan. I have examined the plan closely and I conclude that the change of use will have no adverse effect on Public Right of Way No. 0.838, a footpath which passes close to the property. Public Footpath N. 0.837 of Blymhill Parish passes through the site for winter storage of the caravans. This footpath must not be obstructed by caravans or anything related to them. The footpath must remain open for the public's use at all times.

The Ramblers' Association has no objections to the above application

Yours sincerely

Marjorie Cashmore
South Staffs District Footpath Secretary
